Unbiased Insights to Help Choose the PBM that's **Right for YOU**

Unlike annual healthcare contracts, pharmacy contracts often go years without renegotiation, leaving groups with outdated pricing and missed cost-saving opportunities. Negotiating with or switching PBMs can seem daunting, but we make it simple. Here are three ways we enhance your PBM partnership:

- 01 **Negotiate your contract with your existing PBM**
- 02 **Access market-leading pharmacy contracts**
- 03 **Conduct a RFP to identify a solution that best fits your membership**
